

PANEL-PREP

Hi-Active Cleaner-Degreaser ensures optimum bonding of ZIRCONITE Ceramic-Quartz Coatings to paintwork & glass.

Features:

- Effective and super-efficient cleaner for surface preparation of painted surfaces, wheel rims and glass prior to application of all ZIRCONITE Coatings.
- Excellent degreasing properties to optimise bonding of coatings.
- Contains no Hydrocarbon solvents: ZIRCONITE PANEL-PREP is a unique formulation incorporating a biodegradable “green solvent”.
- Easily removes all conventional polish and silicone residues.
- Bodyshop approved.

Benefits

- Provides a powerful degreasing action that avoids any attack on existing paint films/surfaces
- Compatible with all paint systems including water-based.

DIRECTIONS for USE:

Surfaces to be treated should be cool.
Do not apply in direct sunlight.
Treat one panel at a time.

Spray Panel-Prep onto the surface, then wipe over using a ZIRCONITE Panel-Prep Lint-Free Wiping cloth.

Using a second cloth while surface is still wet, wipe over the surface area to absorb and lift away any oils, grease, silicones, finger marks or dirt residues.

Not recommended for use on PPF, fresh paintwork [resprays and smart repairs], plastic, rubber, or vinyl. If in doubt check compatibility by testing on a small area before use.

Typical Specification :

Composition : A complex blend of alcohols, organic and biodegradable solvents.
Appearance : Colourless liquid
S.G : 0.828
Shelf Life : Minimum 2 years in unopened containers at ambient temperature.
Packaging : 185ml Flairosol trigger, 1L, 5L containers.

CODE: ZIR503
